

ABERDEEN CHRISTIAN SCHOOL

Equipping students to glorify God

December 9th, 2008

Dear Staff and Families:

The Aberdeen Christian School Board is excited to announce that we have officially acquired the Land for our new School. This is the piece of land that was discussed at the Family meeting in September. The land (21.45 acres) is located along Melgaard Road next to Forest Acres. The School now owns the piece of land between 17th Ave & Melgaard Road SW and between 12th Street & 9th Street.

Our next steps are to do a press release to the American News, purchase a sign for the land, and begin putting together a Building Campaign Committee. We would like to get the Building Committee formed in the next month & start some initial planning. The initial thought is to start the Building Fund Campaign next fall. If anybody is interested in being a member of the Building Campaign Committee, please contact Mr. Hintz or Mr. Lamont.

We are very excited to have taken this step towards building our very own new School. May God continue to bless this School.

Please continue to have the Faith.

Sincerely,

Aberdeen Christian School Board & Administration
